

AGENCY PROFILE

What veterinary practices need to know about regulatory agencies.

Agency Name	California Department of Public Health
Logo	
General Info/ Agency Mission	<p>The California Department of Public Health is dedicated to optimizing the health and well-being of the people in California. CDPH achieves its mission through the following core activities:</p> <ul style="list-style-type: none"> • Promoting healthy lifestyles for individuals and families in their communities and workplaces. • Preventing disease, disability, and premature death and reducing or eliminating health disparities. • Protecting the public from unhealthy and unsafe environments. • Providing or ensuring access to quality, population-based health services. • Preparing for and responding to public health emergencies. • Producing and disseminating data to inform and evaluate public health status, strategies and programs.
Legal Authority	<ul style="list-style-type: none"> • Rabies Laws and Regulations • California Medical Waste Management Act • Radiation Regulations (California Code of Regulations, Title 17, Chapter 5, Subchapter 4)
What it means to you	<p><u>Rabies:</u> CDPH has authority to collect rabies vaccination information if local/county ordinances are in place to allow it. In addition, dog bites should be reported to your local public health official.</p> <p><u>Medical Waste Management:</u> Medical waste (biohazardous, pharmaceutical, pathology, trace chemotherapeutic, and sharps waste must be managed in accordance with the law. Most practices use a state-approved medical waste hauler to dispose of waste, although in-house treatment and disposal systems are permitted by contacting your county. The Medical Waste Management Division can inspect premises for public health violations</p>
